Assistant to Superintendent

ROSE E. EMMETT
Business Manager / Board Secretary

February 2020

Dear Western Wayne Community,

At the February 5th School Board Meeting, the School Board approved an approximate \$1.5 million renovation to our Athletic Complex. Due to aging facilities that are at or surpassed their life expectancy, necessary renovations are planned to commence in early June. Items being renovated include the track surface, field turf, and stadium lighting. An additional set of bleachers on the opposing side of the current bleachers will be installed to provide greater seating capacity and maneuverability for our fans. We also plan to incorporate added storage areas and meeting spaces for all of our student programs. These renovations will improve the functionality of the complex and create a safer, more accessible environment for our students and community members. We anticipate that the updates will be completed in time for our fall athletic competitions. Your understanding and cooperation during the construction process is greatly appreciated. Please contact the District Office with any questions. We look forward to another remarkable year of success at Western Wayne.

GO WILDCATS!

Sincerely,

Matthew Barrett, Ed. D.
Superintendent
