Good Afternoon,

This morning, the Middle School Administration received a report that prompted an investigation by our staff. Out of an abundance of precaution, a Code Green lockdown was implemented at the Middle School/High School campus in order to conduct an immediate and thorough investigation. Students and staff were not in danger at any time and the families of those involved have been contacted to discuss the incident. Classes resumed normal operations as soon as the investigation concluded. Our staff did an excellent job of quickly identifying and addressing the concern. We would also like to thank the individuals who made the report.

Western Wayne will continue to be vigilant in our efforts to ensure a safe school environment and maintain communication. As always, the safety of our school community is our highest priority.

Sincerely,

Matthew Barrett, Ed.D.  
Superintendent
