

Western Wayne School District

Path to Reopening for K-12 Schools: Health and Safety Plan

The Western Wayne School District Health and Safety Plan outlines our school district's instructional and non-instructional school reopening activities for the 2020-2021 school year and was created in consultation with health agencies. All school activities are informed by [Governor Wolf's Process to Open Pennsylvania](#).

The Governor's plan has categorized reopening into three broad phases: red, yellow, or green. These designations signal how counties and/or regions may begin easing some restrictions on school, work, congregate settings, and social interactions. Depending upon the public health conditions in our county, there could be additional actions, orders, or guidance provided by the Pennsylvania Department of Education (PDE) and/or the Pennsylvania Department of Health (DOH) designating our county as being in the red, yellow, or green phase. There may be times that our county may not experience a straight path from a red designation, to a yellow, and then a green designation. Instead, cycling back and forth between less restrictive to more restrictive designations may occur as public health indicators improve or worsen in our local area. The Western Wayne School District Health and Safety Plan accounts for changing conditions to ensure fluid transition from more to less restrictive conditions in each of the phase requirements as needed.

PROTOCOLS, POLICIES, AND PROCEDURES that have been developed reflect the current recommendations and considerations put forth by the Center for Disease Control, Local Health Departments, Pennsylvania Department of Health, the Pennsylvania Department of Education, American Academy of Pediatrics, and by orders and considerations of the Commonwealth of Pennsylvania. These items may be revised in the future to ensure compliance with future orders, recommendations, and considerations from the Center for Disease Control, Local Health Departments, Pennsylvania Department of Health, the Pennsylvania Department of Education, and the Commonwealth of Pennsylvania.

Western Wayne School District Path to Reopening for K-12 Schools: Health and Safety Plan

Addressing Community Spread in K-12 Schools

LEVEL OF COMMUNITY SPREAD (AS DETERMINED BY STATE AND LOCAL HEALTH OFFICIALS)

Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)	Green Phase (Low/No Spread)
<ul style="list-style-type: none"> Schools that are closed, remain closed. Implement distance/remote learning (see Serving School Meals and Supporting Teaching and Learning). Coordinate with local and state DPH health officials Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible) Close off affected areas and if possible, wait 24 hours before cleaning and disinfecting. Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see Protecting Vulnerable Populations for considerations) Schools remain closed and no sports are allowed in counties designated as being in the Red Phase. 	<ul style="list-style-type: none"> Schools may provide in-person instruction only in accordance with Department of Education guidance; Schools subject to CDC and Commonwealth Guidance Schools may provide in-person instruction after developing a written Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website. Establish and maintain communication with local and state DPH health officials. Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible). Implement enhanced social distancing measures. Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols. Establish a protocol for students/staff who feel ill/experience symptoms when they come to school. Isolate and deep clean impacted classrooms and spaces Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness. Districts have the authority and flexibility to close school buildings and utilize distance/remote learning as needed. Schools may resume sports-related activities after developing a written Athletics- Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website. 	<ul style="list-style-type: none"> Schools Subject to CDC and Commonwealth Guidance Schools may provide in-person instruction after developing a written Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website. Establish and maintain communication with local and state DPH health officials Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible) Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols Establish a protocol for students/staff who feel ill/experience symptoms when they come to school. Western Wayne School District Decision Tree

The Western Wayne School District Path to Reopening for K-12 Schools not only provides considerations for school leaders as they develop plans for restarting school this fall but provides a flexible framework to address challenges that may develop throughout the 2020-2021 school year. Instead of a one-size-fits-all approach, the below the Western Wayne School District Decision Tree provides a menu of instructional models and responses districts can adopt to ensure the continued success and safety of students and staff members.

<i>Level of Community Spread</i> <small>(as determined by state and local health officials)</small>	Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)			Green Phase (Low/No Spread)

Type of Reopening

Based on your county's current designation and local community needs, which type of reopening has your school entity selected?

- Total reopen for all students and staff); however, some students' families may opt for district distance learning due to health and safety concerns and they should contact the district for options.**
- Scaffolded reopening: Some students are engaged in in-person learning, while others are distance learning (i.e., some grade levels in-person, other grade levels remote learning).**
- Blended reopening that balances in-person learning and remote learning for all students (i.e., alternating days or weeks).**
- Total remote learning for all students. (Plan should reflect future action steps to be implemented and conditions that would prompt the decision as to when schools will re-open for in-person learning).**

Anticipated launch date for in-person learning (i.e., start of blended, scaffolded, or total reopening): September 8, 2020

Roles and Responsibilities for Health and Safety Preparedness and Response Planning

- Prevent accidents, injuries and work/school-related illnesses in the schools.
- Create and implement health and safety policies in accordance with the latest legislation and to ensure that these policies are implemented by staff.
- Create and implement health and safety procedures/protocols/practices in accordance with the latest guidance and recommendations for the Department of Health (DOH) and Center for Disease Control (CDC) and to ensure that these procedures/protocols/practices are implemented by staff.
- Create a Health and Safety Plan and ensure it's regularly updated to reflect any changes to the law and/or guidance from federal, state, and local health officials. It's their responsibility.
- Ensure that each member of staff is aware of and adheres to the Health and Safety Plan.
- Provide regular inspections and risk assessments, and ensure that any hazards or defects are rectified immediately.
- Maintain records and thoroughly investigate any accident, community spread illness, and recommend any improvements in health and safety standards if required.
- Provide training to all staff in health and safety issues, and advising them on protective clothing and equipment where necessary.
- Serve as the key point of contact for any member of staff who has a query or concern regarding the health and safety of the workplace.
- Work closely with management, as well as health and safety inspectors.

Western Wayne School District Path to Reopening for K-12 Schools: Health and Safety Plan

Key Strategies, Policies, and Procedures

The action plan documents the Western Wayne School District thorough plan for each of the requirements outlined in the Pennsylvania Department of Education’s Preliminary Guidance for Phased Reopening of PreK-12 Schools. The table below identifies a detailed summary describing the key strategies, policies, and procedures the Western Wayne School District will employ to ensure the health and safety of every stakeholder in the local education community. The information below provides key information that staff, students, and families will require to clearly understand the Western Wayne School District local plan for the phased reopening of schools.

Summary of Responses to Key Questions:

The buildings have been cleaned to ensure a safe return to the learning and office environment. The appropriate supplies have been ordered through our partner vendors to ensure appropriate supplies are on hand to adhere to the hygiene practices that are to be implemented. The enhanced clearing procedures will be carried out daily to assist in the efforts to mitigate the spread of COVID-19. Staff has been trained through our online learning tool on signs and symptoms of COVID-19, when to stay home, best hygiene practices to follow. Supervisors will meet with staff on an ongoing basis to ensure compliance and address any issues.

<p>Section 2</p> <p>Transportation of Students</p>	<p>School buildings are closed.</p>	<p>Symptom screening will be done by all parents/guardians at home each morning before the school day. ---	--	--	--

Summary of Responses to Key Questions:

How will you monitor students, staff, and others who interact with each other to ensure they are healthy and not exhibiting signs of illness?

Temperature screening will not be required upon entrance to school for students or staff. Symptom screening will be done by all parents/guardians at home each morning before the school day. No children with symptoms will be sent on a bus or brought to school. All district staff will perform a symptom screen on themselves prior to leaving for work, and will stay home if ill.

Students and staff will consistently be made aware of the signs and symptoms of COVID-19. Students and staff will go to the nurse immediately if feeling symptomatic.

Where, to whom, when, and how frequently will the monitoring take place (e.g. parent or child report from home or upon arrival to school)? What is the policy for quarantine or isolation if a staff, student, or other member of the school community becomes ill or has been exposed to an individual confirmed positive for COVID-19?

Which staff will be responsible for making decisions regarding quarantine or isolation requirements of staff or students? What conditions will a staff or student confirmed to have COVID-19 need to meet to safely return to school? How will you accommodate staff who are unable to uncomfortable to return? How will you determine which students are willing/able to return? How will you accommodate students who are unable or uncomfortable to return? When and how will families be notified of confirmed staff or student illness or exposure and resulting changes to the local Health and Safety Plan? Which stakeholders will be trained on protocols for monitoring student and staff health? When and how will the training be provided? How will preparedness to implement as a result of the training be measured?

Health and Safety Plan Professional Development

The success of your plan for a healthy and safe reopening requires all stakeholders to be prepared with the necessary knowledge and skills to implement the plan as intended. Professional learning plans is documented with the following components listed in the table below:

Topic	Audience	Lead Person and Position	Session Format	Materials, Resources, and/or Supports Needed	Start Date	Completion Date
Technology Training	Professional Staff	Administrative Staff	Virtual	Laptops, Google Classroom	09/02/20	Ongoing
Health and Safety Plan Review	Support Staff	Building Principals	Virtual	Powerpoint	09/02/20	Ongoing
Custodial staff plan implementation	Custodial Staff	Joseph Dunda, Building and Grounds	Large-group (no more than 25)/Virtual	Cleaning supplies, protocols, etc.	08/01/20	Ongoing

Western Wayne School District
Path to Reopening for K-12 Schools: Health and Safety Plan

Health and Safety Plan Communications

Timely and effective family and caregiver communication about health and safety protocols and schedules is critical. Schools should be particularly mindful that frequent communications are accessible in non-English languages and to all caregivers (this is particularly important for children residing with grandparents or other kin or foster caregivers). Additionally, LEAs should establish and maintain ongoing communication with local and state authorities to determine current mitigation levels in your community. Health and Safety Plan Communications is documented with the following components listed in the table below:

Topic	Audience	Lead Person and Position	Mode of Communications	Start Date	Completion Date
Reopening Plans-Health and Safety Plans	School Board and Community	Dr. Matthew Barrett and Dr. Cynthia A. LaRosa	In-person and online	07/22/20	Ongoing
Safe Reopening of School	All Staff	Admin Team	Email, phone calls, social media, virtual faculty meetings	08/12/20	Ongoing
Virtual Parent Meetings	All Families	Admin Team	Virtual Meetings	August 3-4, 2020	Ongoing

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for Western Wayne School District reviewed and approved the Phased School Reopening Health and Safety Plan on August 5, 2020.

The plan was approved by a vote of:

Yes

No

Affirmed on: **August 5, 2020**

By:

Signature of Board President

Print Name of Board President

**Electronic signatures on this document are acceptable using one of the two methods detailed below.*

Option A: The use of actual signatures is encouraged whenever possible. This method requires that the document be printed, signed, scanned, and then submitted.

Option B: If printing and scanning are not possible, add an electronic signature using the resident Microsoft Office product signature option, which is free to everyone, no installation or purchase needed.
