Exploring Social Media TestDrive

Social Media TestDrive delivers education in the digital age. This webinar will provide an overview of this valuable resource as it prepares young people for the online world through experiential learning in a simulated social media environment

August 31, 2023

12 pm - 1 pm

This project will develop and implement a three-component technical assistance (TA) approach for rural communities targeting substance misuse and mental health disorder prevention, treatment, and recovery in HHS Region 3 (Pennsylvania, Delaware, Maryland, Virginia, and West Virginia) It involves a collaboration among the Extension systems of all 5 states in the region.
