Dear Western Wayne Community,

We hope you're all enjoying the remaining days of summer. As we prepare for the upcoming school year, please be advised that **construction activity continues in the rear parking lot and alleyway areas** of both the High School and Middle School campuses.

Frequent movement of construction vehicles, contractor crews, and vendor deliveries is ongoing as our teams work diligently to get the buildings ready for the first day of school. For everyone's safety:

- **Please use extreme caution** while on or near campus.
- **Avoid all construction vehicles and construction areas** at all times.
- **Follow the established traffic pattern** implemented in July 2024.
- **Use common sense** and remain alert to your surroundings.
- **Parents dropping off students:**
 - If your child has a **practice or event at the stadium**, please use the **Middle School entrance off Hemlock Street**.
 - If the practice is on the **practice fields**, please drop off your child near the **three-bay garage at the back of the High School parking lot**.
 - If you're parking, **please avoid parking near any construction entrances**—this is for your own safety.

Critical Dates to Note:

While this message serves as a general safety reminder for all dates, **special attention is required for tomorrow, Wednesday, August 14, and Monday, August 18:**

- **No one will be allowed in or near the alleyway, the High School wood shop, High School auto shop, Middle School wood shop, or anywhere near the Middle School student drop-off area.**
- **Please avoid the Middle School main office entrance on Monday, August 18th.**
- **The Middle School main office entrance will be closed on Monday, August 18, from 6:00 AM to 1:00 PM.** Please use the **High School main office entrance** to access the Middle School office during this time.

- **Extremely large equipment—including cranes and large trucks—will be on-site.** Absolutely no one should be near construction zones during these operations.

We appreciate your cooperation and shared commitment to keeping our school community safe.

Thank you,

Ron Franks
Maintenance Supervisor
