Dear Parent/Guardian:

The Pennsylvania Public School Code requires certain school health services/screenings be completed on all school age children throughout the school year.

The following health screenings are scheduled at WWHS for the 2026/2027 school year:

- **Tuesday, September 29, 2026** - **Hearing Screening**(Required for students in 11th grade)
- **Throughout the school year** - **Heights and weights** (Required for students in grades 9 through 12)
- **Tues/Wed, November 17-18, 2026** - **Vision Screening** (Required for students in grades 9 through 12)

If you would like your child to be exempt from one or more of these screenings, please notify the school nurse in writing.

As always, it is our goal to assist you in keeping your child healthy. Please call if you have any questions.

Sincerely,

Morgan Sledzinski, CSN
Western Wayne High School Nurse

BOARD OF EDUCATION
