

Western Wayne School District
Title I Parent and Family Engagement Survey
2023-2024

We at Western Wayne want to maintain a positive relationship with our Title I families. There are many ways that the School District provides information and support for Title I parents and families. These ways are listed and explained in our Parent and Family Engagement policies. These policies are written both at the district level and at the school level. The policies are given to parents/guardians whenever a student enters the Title I Program; they are also posted on the District website.

We would like your feedback on how you, as a parent or guardian, feel that the school is supporting you and your child's learning. All information will be kept confidential and will be used to help us improve our communication and support with Title I families. Thank you for completing this survey!

Please return this survey to a Title I teacher by Friday, March 22, 2024
