## CLEP

Shorten Your Path to a College Degree. **Western Wayne High School is an ONLINE TESTING SITE for CLEP!!!! What is CLEP?** CLEP (College Level Examination Program) is the most widely accepted faster **credit-by-examination program** in the United States today, helping students of all ages earn college degrees faster by getting credit for what they already know. By receiving a satisfactory score, you can earn from **3 to 12 college credits** toward your college degree for each CLEP you take, depending on the exam subject. **SAVE TIME.** Get college credit for what you already know. Be rewarded for what you've learned through independent study, advanced high school courses, noncredit adult courses, or professional development. CLEP offers 33 examinations in five subject areas. The tests cover material usually taught in a two-year degree program or in the first two years of a four-year program. Exams contain mainly multiple-choice questions. College Composition and a few other exams contain other types of questions and essays. For a complete list of CLEP tests and to schedule a testing time please see Mr. Fitzsimmons in the school counseling office.

# Open Houses

**If you are looking for an open house for a particular college, just log onto the college's website and check for an upcoming Open House.**

## College Visits

Representatives from colleges are coming to Western Wayne High School. They are coming to give you information about their college and what benefits you would receive by attending their college. The sign-up sheets for these assemblies are outside the guidance office. The day of the assembly, you will be asked to pick up a pass from the school counseling office and fill it out. The pass is given to the teacher who you have class with at the same time as the assembly. Ask your teacher nicely if you are able to attend the assembly and show them the pass. If they say you cannot go then you are not allowed to leave the class to attend the assembly. If there are any questions, see Mrs. Field or Ms. Lombardi in the guidance office.

## Civil Service Jobs

**The following steps describe the basic process required to apply for civil service employment.**

Review the General Job Opportunities section the PA State Civil Service Commission **[www.scsc.state.pa.us](http://www.scsc.state.pa.us)** website. This listing is updated daily and lists test announcements of jobs that are open for application and deadline dates for submitting an application.

Complete a civil service application for employment **[www.scsc.state.pa.us](http://www.scsc.state.pa.us)** for each test announcement for which you are interested. The test announcement may specify what other documents to submit with the application (e.g. college transcripts, application supplements, etc.).

After applying online for some job titles, you will be automatically directed to select a date, time and location to take your civil service test. For other job titles, you will be notified, when you can select a date, time and location for testing. If you complete a paper application, you will be notified by letter of your scheduled date, time, and location for testing. If the test consists of a

rating of your training and experience, your test score will be based on the information you provide on your application and supplement if required.

The Commission will send you the results of your examination or rating. If you meet the minimum requirements and pass the test, your name is placed on the list of eligible candidates (eligible list) for that job title according to your score. Positions in the merit system are filled from this pool of eligible candidates.

When a job vacancy occurs, the hiring agency requests an eligible list from which to interview for that job title. Hiring is normally done from the highest ranking candidates on an eligible list. If you are ranked high enough on the eligible list, you will be contacted to report for a job interview

If you are interviewed and not selected for the position, your name remains on the eligible list to be considered for future vacancies for a specified period of time. Your standing on the eligible list may change as more persons are tested and added, and as appointments are made. If you are selected for the position, the agency will notify you and establish a start date.

## **College Applications**

**What is early action?** Early action is the early admission program in which applying early will get you an early answer. This program usually asks students to apply by November 1 and the college responds with a decision by mid-December. However, you are not required to make your decision until the regular May reply date, giving you time to compare financial aid packages between colleges. Early action is non-binding, which means you do not have to attend the college if you are accepted. The advantage of the early action program is that you find out whether you are accepted sooner rather than later, giving you time to enjoy the last few months of your senior year without having to worry about being accepted into college.

**What is early decision?** Early decision is similar to early action in that you can apply early (usually by November 1) and get an early answer from your college about acceptance (usually around mid-December). However, with early decision, there is a catch. Early decision plans are binding. This means that if you apply to a college via the early decision process, you must attend that college if accepted and offered an adequate financial aid package. Thus, you can only apply to **one** early decision school. You can, however, apply to other colleges under regular admission. If you are accepted by your early decision college, then you must withdraw all other applications. Keep in mind that early decision may not be your best option if you want to compare financial aid packages between colleges. Early decision colleges usually offer students a better chance of admission if they apply early. When you research schools with the early decision option, check out the acceptance rates for students who apply early decision versus regular admission. The early decision acceptance rates are usually higher.

# Have you heard of 4 or more?

Have you heard about [4 or More™](#)? It is a College Board initiative designed to inspire, assist, and reward you as you encourage all students to apply to at least four colleges.

Over 5,000 of your counseling colleagues nationwide have already joined the movement and are benefiting from the tools and resources they have received.

## **Why should students apply to four or more colleges?**

Studies show that students who apply to two colleges, rather than just one, are 40 percent more likely to enroll in college, and applying to four colleges increases the likelihood that the college they choose will be a good fit for them — academically, socially, and financially.
