CAREER SPOTLIGHT

Actuary Scientist

Brief Job Description

Actuaries **analyze the financial costs of risk and uncertainty**. They use mathematics, statistics, and financial theory to assess the risk of potential events, and they help businesses and clients develop policies that minimize the cost of that risk.

Education

While an actuarial career can start with a bachelor's degree in any subject, most actuaries choose **a major in mathematics, actuarial science, statistics, or another analytical field**. Coursework in economics, statistics, and corporate finance is key to achieving professional certification.

Key Skills:

- **Specialized math knowledge. Calculus, statistics, probability.**
- **Keen analytical, project management, and problem-solving skills.**
- **Good business sense. Finance, accounting, economics.**
 - **Solid communication skills (oral and written)**
 - **Strong computer skills.**

CLEP

Shorten Your Path to a College Degree. **Western Wayne High School is an ONLINE TESTING SITE for CLEP!!!!** What is CLEP? CLEP (College Level Examination Program) is the most widely accepted faster **credit-by-examination program** in the United States today, helping students of all ages earn college degrees faster by getting credit for what they already know. By receiving a satisfactory score, you can earn from **3 to 12 college credits** toward your college degree for each CLEP you take, depending on the exam subject. **SAVE TIME.** Get college credit for what you already know. Be rewarded for what you've learned through independent study, advanced high school courses, noncredit adult courses, or professional development. CLEP offers 33 examinations in five subject areas. The tests cover material usually taught in a two-year degree program or in the first two years of a four-year program. Exams contain mainly multiple-choice questions. College Composition and a few other exams contain other types of questions and essays. For a complete list of CLEP tests and to schedule a testing time please see Mr. Fitzsimmons in the school counseling office.

College Applications

What is Early Action? Early action is the early admission program in which applying early will get you an early answer. This program usually asks students to apply by November 1 and the college responds with a decision by mid-December. However, you are not required to make your decision until the regular May reply date, giving you time to compare financial aid packages between colleges. Early action is non-binding, which means you do not have to attend the college if you are accepted. The advantage of the early action program is that you find out whether you are accepted sooner rather than later, giving you time to enjoy the last few months of your senior year without having to worry about being accepted into college.

What is Early Decision? Early decision is similar to early action in that you can apply early (usually by November 1) and get an early answer from your college about acceptance (usually around mid-December). However, with early decision, there is a catch. Early decision plans are binding. This means that if you apply to a college via the early decision process, you must attend that college if accepted and offered an adequate financial aid package. Thus, you can only apply to **one** early decision school. You can, however, apply to other colleges under regular admission. If you are accepted by your early decision college, then you must withdraw all other applications. Keep in mind that early decision may not be your best option if you want to compare financial aid packages between colleges. Early decision colleges usually offer students a better chance of admission if they apply early. When you research schools with the early decision option, check out the acceptance rates for students who apply early decision versus regular admission. The early decision acceptance rates are usually higher.

Have you heard of 4 or more?

Have you heard about [4 or More™](#)? It is a College Board initiative designed to inspire, assist, and reward you as you encourage all students to apply to at least four colleges.

Over 5,000 of your counseling colleagues nationwide have already joined the movement and are benefiting from the tools and resources they have received.

Why should students apply to four or more colleges?

Studies show that students who apply to two colleges, rather than just one, are 40 percent more likely to enroll in college, and applying to four colleges increases the likelihood that the college they choose will be a good fit for them — academically, socially, and financially.

With students struggling to afford a degree, now is the crucial time to engage families and educate individuals about the variety of options to help them achieve the degree they aspire for. Our team at **AffordableColleges.com** recognized this need and curated a series of resources that delve into saving for college, financial aid and free tools, which can be of use to individuals seeking financial assistance for school. BigFuture Scholarships

Now
Available to
Juniors

[Learn More](#)

BigFuture™ is here to connect students, families, and educators with tools and resources to explore careers, plan for college, and pay for college. In early 2022, you and your students will see a new user experience that includes a personalized dashboard with steps to plan for life after high school. Informed by student and educator feedback, we'll continue to evolve BigFuture in the months ahead.

Ahead of these changes, this week, we're launching [BigFuture Scholarships](#) (formerly known as College Board Opportunity Scholarships) for the class of 2023 to reward efforts to plan for college on BigFuture. Here's what to expect for this year's juniors:

- **Two \$40,000 winners each month:** BigFuture will reward progress wherever students are on their college journey. Each month, between January 2022 and February 2023, BigFuture will award two \$40,000 scholarships and hundreds of \$500 scholarships to students in the class of 2023 who complete steps on BigFuture.

- **Simple participation:** Juniors with a College Board account will be automatically entered into monthly drawings for \$40,000 and \$500 scholarships when they complete steps. They can opt out of drawings at bigfuturescholarships.org/opt-out. There are no minimum GPA, essay, citizenship, or application requirements to earn an entry into monthly scholarship drawings.
- **More ways to earn \$40,000:** By completing ANY of the six scholarship steps on BigFuture, juniors will have a chance to win a \$40,000 scholarship, in addition to \$500. The more steps students complete and the earlier they start, the more chances they have to win.

Students whose families earn less than \$60,000 a year will have extra chances to win scholarships. Encourage your students to earn their first entry for \$40,000 and \$500 scholarship drawings, beginning in January, by building a college list of six or more schools on [BigFuture](#).

Visit [this page](#) to see the college planning steps that qualify students for entries in the monthly drawings. Feel free to use [this video](#), [educator flyer](#) (.pdf/1.80 MB), and [student flyer](#) (.pdf/2.83 MB) to spread the word about BigFuture Scholarships. Visit this [resource page](#) for more.

HOTLINE TO REPORT UNDERAGE DRINKING

Put a stop to underage drinking, before it starts and before it leads to tragedy. Someone always knows about an underage drinking party. Callers to **888-UNDER-21** can report underage drinking parties that are planned or in progress. You can also report establishments that are selling or serving alcohol to those under 21 and people who are manufacturing and selling false identification.

Western Wayne's Procedures for Submitting College Applications

1. Students applying to a college directly **online** should notify their school counselor.
2. Some college/universities will waive the applications fee if you visit their campus. Other colleges/universities have free online college applications. Students having financial difficulties covering the application fee should see their guidance counselor.
3. **TRANSCRIPT REQUEST- CURRENT STUDENTS:** Students must complete an official Western Wayne **TRANSCRIPT REQUEST** form giving permission to send the student's transcript and test scores. Applications are not considered complete without your transcript. **TRANSCRIPT REQUEST** forms are available on the Western Wayne website (under guidance) or on the opening page under Guidance Resources.

TRANSCRIPT REQUEST FORMS

- 1) Western Wayne Website
- 2) Click on DEPARTMENTS
- 3) Click on Guidance
- 4) Click on TRANSCRIPT REQUEST FORM
- 5) Complete the form

The first request you make is **FREE**. All subsequent requests are **\$5.00**. Bring the check, money order, or cash into Mrs. Lombardi in the guidance office. Your transcript will be sent certified. Please allow one week to process transcript requests! **PLAN AHEAD**.

4. **TRANSCRIPT REQUEST- FORMER STUDENTS Please follow the instructions above.** In addition, if YOU ARE A PREVIOUS STUDENT, a letter requesting the transcript must be submitted with your signature. The letter can be attached electronically with this request or sent to the Western Wayne Guidance Department, 1970A Easton Turnpike, Lake Ariel, PA 18436. The request will not be processed until the letter is received.
5. Your transcript includes your SAT and ACT scores. Check to make sure guidance has your most up to date scores. A few colleges require that you have your SAT/ACT sent directly from the College Board/ACT program (Penn State is one). It is your responsibility to have the scores sent. Questions...see your guidance counselor.
6. Fee waivers are available for most colleges if you received a fee waiver for the SAT or ACT. See your guidance counselor for an application fee waiver. If you are paying an application fee by check or money order, please bring it to guidance and we will attach it to your transcript. Most colleges allow you to pay by credit card when you complete your application online. Checks and money orders must be made out to the college you are applying to. **DO NOT** pay for college application fees with cash!
7. Students requesting Counselor Letters of Recommendation must request the letter at least **TWO WEEKS** in advance.
8. In most instances **Early Decision** applications should be submitted around November 1st. This can vary so watch your dates! Regular Decision applications should be submitted as soon as possible. If you are uncertain about application deadlines see your guidance counselor.
9. **Mid-year grades** will be sent to colleges that require them. It is the student's responsibility to notify the guidance office about sending out midyear grades.
10. Final transcripts will be sent to the college that the student will attend. **FINAL TRANSCRIPT REQUESTS** will be given to seniors at the end of the school year. *Remember, college admissions representatives review all senior year grades very carefully.*

Students and parents are encouraged to contact their School Counselor with any questions or concerns.

MANUFACTURING PRE-APPRENTICESHIP

The Pennsylvania College of Technology Manufacturing Pre-Apprenticeship program

is designed to increase awareness of employment opportunities in manufacturing and expand the number of students choosing manufacturing-related career pathways. The program, which runs from August-June and targets students in grades 9-12, prepares individuals with the foundational skills required to enter a variety of manufacturing occupations. With its alignment to multiple registered apprenticeship programs, this model provides benefits to both the Pre-Apprentices and companies who may ultimately employ them. Pre-Apprentices who successfully complete the program will earn an industry-recognized Manufacturing Technician Level 1 (MT1) certification in addition to a certificate of completion from the College.

A Flexible Model for Any School

The Pre-Apprenticeship program is specifically designed to allow for maximum flexibility. For schools providing little to no instruction in the related topical areas, students will complete a greater number of online modules in order to cover the required training competencies. In schools with manufacturing instructional programs, online modules will be adopted to supplement any areas not adequately covered by existing curriculum. This customization is designed for each school participating in the Pre-Apprenticeship program.

The Pennsylvania College of Technology Pre-Apprenticeship Model

-  Self-paced online learning modules
-  Industry-recognized MT1 Certification
-  Industry-provided project templates
-  Multiple on-campus lab and assessment days
-  Project showcases and industry networking event

Carnegie Mellon University: Summer Pre-College Programs

We are in-person for the summer of 2022, and our application is open!

For over 100 years, Carnegie Mellon has offered students unique and hands-on educational programs from the fine arts to technology and everything in between. Through Carnegie Mellon's Pre-College Programs, rising juniors and seniors in high school have the opportunity to experience a world-class education on a beautiful, vibrant college campus. Our programs prepare them for their **upcoming college experience**, help them **narrow their career focus**, and **build critical knowledge and skills**.

Pre-College Programs* - Summer of 2022

- **Architecture:** Introduces design practice, creative problem solving, and critical thinking through a matrix of programming, celebrating curiosity and providing a strong foundation for architectural education. (4- and 6-week program options)
- **Art:** Uses both traditional tools and cutting-edge technologies to explore creative ideas in a college-level studio environment. Students develop both conceptual and technical skills preparing them for a wide range of opportunities in both art studies and careers. (3- and 6-week program options)
- **Computational Biology:** Provides extensive training in both cutting-edge laboratory experiments to generate biological data and the computational analysis of that data. Uses real-world scenarios for exploration. (3-week program)

- **Design**: Introduces students to the discipline of Design, provides a foundation of skills, and gives a clear idea of what to expect from a college-level accredited program. (6-week program)
- **Drama**: Prepares students for the college audition and interview process, illustrating the kind of creativity and discipline required of students studying a Bachelor of Fine Arts Drama curriculum. Students you will be introduced to the intensity of a top-rated undergraduate conservatory experience. (6-week program)
- **Music**: Immerses high school students in a world-class conservatory experience within an internationally recognized university. The program mirrors the first weeks of Carnegie Mellon's first-year undergraduate School of Music curriculum. (3- and 6-week program options)
- **National High School Game Academy**: Allows high school students to experience modern video game development using industry-standard technology. Students interested in art, music and audio, game design, and software development are encouraged to apply for this interdisciplinary program. (6-week program)
- **Summer Session**: Provides high school students with the opportunity to take summer courses offered by Carnegie Mellon. Students earn college credit while working in an academic setting that mirrors the supportive, rigorous environment of the first year of college. (6-week program)
- **Writing & Culture**: Students explore film, art, and culture through historical and contemporary lenses. Students learn to think critically, express thoughts creatively, and write effectively for college and beyond. (6-week program)

**Limited scholarships available for programs above.*

No-Cost Pre-College Programs - Summer of 2022

- **AI4All @ Carnegie Mellon**: Provides opportunities for students who have been historically excluded in STEM to study artificial intelligence with full-time faculty, staff, and researchers who are leaders in the field. (3-week program)
- **Computer Science Scholars**: Provides students who have historically been excluded in the field of computer science an opportunity to explore the field of computer science with full-time faculty, staff and researchers who are leaders in the field. (4-week program)
- **Summer Academy for Math and Science**: Allows students from underrepresented communities to develop a deeper understanding of STEM via traditional classroom instruction, hands-on projects, and sustained engagement with world-renowned faculty and skilled staff mentors. (rising seniors only, 6-week program)

High School Support Groups

Western Wayne High School's Student Assistance Program is again offering support groups in the following areas: GRIEF, DIVORCE, ALCOHOL & DRUG EDUCATION, SELF ESTEEM, TOBACCO CESSATION, HEALTHY RELATIONSHIPS, STUDY SKILLS, and ANGER MANAGEMENT. Most support groups run on an eight-week cycle and are offered during the school day. Trained faculty and community agency personnel are available to facilitate the groups. One group is the Drug and Alcohol Insight Group, which offers students an opportunity to get information you may not have and to talk about drugs and alcohol in a confidential setting. This is not for students who are already dependent, although there is certainly help for those who are interested in stopping their use and we encourage you to talk to us if you are interested in getting that help. Another group is the Concerned Persons Group for students concerned about or affected by the chemical dependency of family members. For detailed information, please call the guidance office and speak to a guidance counselor (800-321-9973).

The Wayne County Office of Behavioral & Developmental Programs & Early Intervention launched a new Crisis Line in partnership with the [Center for Community Resources](#) (CCR). Through the toll-free number, **1-833-557-3224 (1-833-55REACH)** CCR provides mental health crisis intervention services, both telephone and mobile, 24 hours a day/7 days a week. Individuals calling Wayne Crisis will reach a live, compassionate, and caring crisis counselor. Individuals calling Wayne Crisis can talk to the crisis counselor on the phone or request that the counselor come to see them in the community.
